STRENGTHENING PEOPLE, ORGANIZATIONS, AND COMMUNITIES

Rather than arriving with the answer, The Patterson Foundation believes that people, organizations and communities are the best architects for their own future. The Foundation collaborates with these groups to strengthen efforts toward achieving shared aspirations.

People

Guided by individual values, experiences, and expertise, people engage in the world beyond themselves to create positives.

Organizations

Organizations are collectives — each with a mission focus to build a vibrant society.

Communities

Through the collaborative efforts of people, businesses, nonprofits, government, and the media, we can achieve greater impact toward community thriving.

Strengthening the Impact

Storytelling has the power to engage people and leave an impact, which means storytellers have a responsibility to connect to the audience with intention. Join Debra Jacobs as she guides you into TPF's newest endeavor...
Beyond The Blog

The Patterson Foundation is an anchor funder for the Campaign for Grade-Level Reading. Since 2013, The Foundation has supported both the national Campaign for Grade-Level Reading and the Suncoast Campaign for Grade-Level Reading with more than \$15 million.

The Patterson Foundation is focused on investing in a regional approach that supports the community-wide vision of success in Charlotte, DeSoto, Manatee, and Sarasota counties.

The Foundation's resources support the Suncoast Campaign for Grade-Level Reading through:

- Bringing promising and proven practices to the region
- Fostering community connectivity with people, business, nonprofits, government and media
- Amplifying opportunities and success through integrated communications
- Learning and sharing to strengthen families and children
- Embracing new ideas that address a constantly changing world

We invite parents and caregivers to learn alongside their kids at events. Try new learning activities at everyday learning spaces like libraries, parks, schools, tech centers, museums, after-school centers, non-profits, maker spaces, and more. Be a part of this worldwide celebration where families are encouraged to be curious, explore new types of learning, and discover new passions!
